

## IRISH FRIENDS HONOR RICHMOND MAN

John Noland on Directory and John Sexton on Nominating Committee at Meeting

Richmond council for recognition of the Irish Republic sent several delegates to the meeting at Lexington Saturday at which time resolutions were adopted calling upon the United States to recognize the Irish Republic and officers were for the ensuing year. Among the officers named is Hon. John Noland, of Richmond, a member of the Council Directors. John E. Sexton, of Richmond, was a member of the nominating committee, and the Madison county delegates all took active part in the proceedings.

The convention was marked by harmony, enthusiasm and a spirit of patriotism that augurs well for substantial aid for the cause of Irish freedom in Kentucky.

Following is a copy of the resolutions, drawn by Attorney Fredrick W. Schmidt, of Covington, presented by Rev. Gerald J. Connolly, of Florence, Ky., member of the committee on resolutions, and unanimously adopted by the convention:

"The American Association for the Recognition of the Irish Republic for the State of Kentucky in convention assembled at Lexington, this 12th day of February, 1921, adopts the following resolution:

"Whereas, the American people pledged their word and honor that they were fighting to make the world safe for democracy, and to secure the freedom of small and defenseless nations; and

"Whereas, the Irish nation has now adopted a republican form of government and, in spite of all obstacles, is functioning as such; and

"Now, therefore, we demand that the pledges of America to humanity be fulfilled, and that our government recognizes the Irish republic at once.

"Be it further resolved, that a copy of these resolutions duly certified to the President and Vice President of the United States, Secretary of State, Chairman of the Foreign Relations Committee, the Speaker of the House of Representatives, and the Senators and Congressmen from the State of Kentucky.

Officers elected to serve for the ensuing year are:

Martin T. Kelly, Lafayette, president; Frank Hanlon, of Covington, vice president.

Wm. J. Higgins, George Washington Council, Newport, secretary, re-elected.

Miss Mary E. Cochran, Robert Emmett Council, Louisville, treasurer.

John J. Reagan, Newport, National director for Kentucky to the National Convention, re-elected.

Council Directors—Frank McCarty, Lexington; Richard Tobin, Frankfort; E. H. Gorey, Paris; Thos. Conry, Covington; Thos. McQueen, Paducah; John Tiernan, Newport; John Noland, Richmond; Joseph Cassidy, Bellevue; P. J. Leonard, Winchester; Owen Sullivan, Louisville; Fred W. Schmidt, Latonia; and Nora E. Cooper, Nicholasville.

## EASTERN PLANS FOR FAST BALL TEAM

Basket Ball Schedule Heavy From Now On—Prospects Fine For Diamond

A full team of letter men, with possibly one or two more than the required nine, is expected to report for baseball practice at the Eastern Kentucky State Normal School when Coach Hembree issues his call for indoor practice the middle of March. It was stated today. Efforts are now being made to schedule games with colleges throughout Central and Eastern Kentucky.

Beginning tonight, the Normal Normal School basketball team faces quite a heavy schedule for the remainder of the season. St. Mary's College comes with one of the fastest teams that ever represented that school. St. Mary's has been playing teams in and around Louisville with excellent results. The Normal boys will have a tough proposition to handle when they face such an experienced team. Later in the month Sue Bennett, Berea, Union College, and a return game with St. Mary's will be played.

The opening of the second semester brought in a splendid group of basketball players. One entire high school basketball team enrolled. The team that has represented Science Hill high school during the early part of the season came in a body and are practicing with the regular team. Some of the boys are destined to become real stars of the net game and the local institution is fortunate to have them begin their work here.

The Model High team will complete its schedule during the present month. Just as soon as the basketball schedule is finished, a call for baseball candidates for both Model and Normal will be issued. The Normal prospects are exceptionally good.

Enough players, who have represented the school in past years, are here now to insure the best team Normal ever put on the field. The baseball schedule will include practically the same schools that have been here during the basketball season. It is rumored that Western Normal will be placed on the local baseball schedule. If so, the games will be arranged to come during the latter part of May. When the two state Normals tie up, a good game is always assured.

## Baseball At Wesleyan

Winchester, Ky., Feb. 15.—The outlook for baseball at the Kentucky Wesleyan College is excellent, according to J. B. Sibley, athletic director of the college. There is an abundance of good material on hand, according to Mr. Sibley, and a winning team is hoped for. Games have been arranged with Centre, Georgetown, Transylvania, Sue Bennett Memorial, Barbourville; and Berea, although the exact dates have not been set. There also is a prospect of a game with the University of Kentucky.

## SEVEN-CENT FARE WINS IN LOUISVILLE

(By Associated Press) Louisville, Feb. 15.—Federal Judge Evans today overruled the city's motion to dismiss the Louisville Railway suit for a temporary injunction against the city to prevent interference with the railway charging a seven-cent street car fare. The court also ordered the railway company to create a situation whereby it could come in and ask for a temporary restraining order, which situation, its attorneys said, would mean inauguration of the seven-cent car fare in Louisville at once, unless delayed by an appeal to the Federal District Court of Appeals.

(By Associated Press) Lexington, Ky., Feb. 15.—Bulletin.—Officers searching for the three convicts who escaped from the state reformatory at Frankfort Sunday night telephoned here today, saying the convicts were captured in Fayette county, and that officers are on their way here with them. There are no details.

## DR. AINSIE TELLS FOLKS TO "GROW"

The continued large attendance at the meetings at the First Christian church proves that the people of Richmond are interested in christian growth and christian union. The afternoon audience was remarkable in size for Monday. At the time Dr. Ainslie gave a wonderful interpretation of the 22nd, 23rd, and 24th Psalms. Being a man of great soul culture, he is able to unearth new beauties, and reveal deeper yet clearer meaning to the passages of scripture which he discusses.

The afternoon talks are devotional studies, and well worth the hearing. No one who is interested in the growth and development of the Christian character can afford to miss these services at 3 o'clock each day.

Dr. Ainslie's subject for the evening was the one little word: "Grow." God whispers to everything that life, "Grow."

"The tragedy of the race is a dwarfed soul," says Dr. Ainslie, "and the pity is the contentment of these little souls."

The world has grown rapidly in science and the utilities, but little progress has been made in spirituality since the time of the Apostles.

"A divided church does not produce spiritual growth." The three chief aids to the growth of the spirit are daily Bible reading, prayer and liberality.

The word of God must be translated into the human heart and become a living thing. Dr. Ainslie's description of the steps in spiritual growth was a masterpiece of clearcut instruction, worded to please the ear, and to inspire the heart and soul to grow.

"The Health of the Soul," will be Dr. Ainslie's subject for this evening at 7:30.

## DOCTOR TELLS OF VICTIMS' WOUNDS

(By Associated Press) Williamson, Feb. 15.—Realistic testimony was given in the Matewan trial here today. Dr. R. A. Salton, physician, examined the bodies of the seven Baldwin-Felts detectives, killed in the fight. He said their leader, Albert Felts, was shot four times. He asserted one wound was powder-burned. Lee Felts was shot once in the back. He testified that five other detectives fell from pistol or rifle fire. The testimony was heard in almost breathless silence by the 19 defendants and a crowded court room.

(By Associated Press) Pontiac, Mich., Feb. 15.—Safe blowers who opened the vault of the Farmers and Merchants Bank at Utica, near here, early today, were driven back by mustard gas, a can of which was left in such a position that it was broken open when the door was forced. The thieves fled empty-handed.

## BEREA LEGIONAIRES ARE TOO FAST AGAIN

The local American Legion basketball team once more bowed before the strong five representing the Cleveland Frost Post of Berea. The game was played on the floor of Berea College gym and was one of the most exciting ever staged in that old historic building. The final score was 25 to 23.

The game was the first of a double-header and was scheduled for 2 o'clock. The game began before a small group of spectators, but before the close of the game the large gym was crowded.

From the first tip off it was clearly seen that Coach Hembree, of the Normal, who played forward for the legion, and who scored 19 points against the Berea team when it played in Richmond, was the target for the entire Berea team. In spite of the fact that he was closely guarded, he succeeded in scoring 11 of the 23 points scored by the local team. Gentry came next in the number of points scored, with 10 to his credit. Fox slipped the ball through the net from a difficult angle for the other two points. The team work of the local boys was much improved over their last public appearance.

Gilligan, of Berea, was the individual star, scoring 14 of his team's points. His long shots brought the crowd to their feet time and time again. The entire Berea team played a fast, aggressive game, but was exceptionally fortunate to nose out the Richmond team.

Of the assets listed \$15,000 is claimed as property in reversion, remainder trust, etc., and the balance claimed as exempt.

## SENATE CLAMPS DOWN ON HOUSTON

(By Associated Press) Washington, Feb. 15.—The Senate Judiciary Committee today formally notified Secretary Houston that he "should pay out no more money on account of any commitments of loans to foreign countries until the facts are submitted to this committee, and it has had opportunity to consider the same and report to the Senate." The committee acted on a motion of Senator Reed, of Missouri, author of the pending resolution to stop advances by the Treasury to the Allied governments. Secretary Houston had previously said, according to Senator Brandegee, that he felt in honor bound to make additional advances to the governments for which credits were established, if those governments asked for money.

## 75,850 PASSENGER CARS; 10,712 TRUCKS

In Kentucky Already in 1921, Say Official Figures—Madison Has 1,080 and 155

(By Associated Press) Frankfort, Ky., Feb. 15.—Automobile licenses issued by county clerks in Kentucky up to January 29, totalled 86,562, according to figures given out here today at the office of the Automobile Department of the State Tax Commission. Passenger car licenses issued totalled 75,850 and truck licenses 10,712.

Of the total number of cars licensed 22.4 per cent, of 19,422, are listed from Jefferson county, in which Louisville is located. Of these 15,938 are passenger cars and 3,494 trucks.

Fayette county, in which Lexington is located, was second in the number of passenger car licenses with 3,162 but fell into third place in the number of trucks licensed with 574 being listed. Kenton county in which Covington is located, issued 2,596 passenger car licenses, the third largest number, and 633 truck licenses.

No licenses were reported from a number of counties in the mountainous region of Eastern Kentucky. No pleasure car license were issued in Breathitt, lay, Elliott, Floyd, Jackson, Lee, Knott, Leslie, Magoffin, Owsley, and Wolfe counties. No truck licenses were issued in Clay, Elliott, Floyd, Jackson, Knott, Lee, Leslie, Magoffin, Martin, Owsley, Powell and Wolfe counties.

Although the time for obtaining 1921 licenses, as regards to cars running on the public highways, was extended by the department to January 10, thousands of car owners have not yet taken out licenses, according to officials of the department. This is due, they say, to the fact that many persons, especially in the hilly portions of the state, store their cars for the winter and do not take out licenses until the roads get good in the spring and summer. The cars are not run, consequently no license is needed.

The number of licenses issued up to January 29, by counties in Central Kentucky, follows:

Adair	309	21
Anderson	520	69
Bell	250	43
Bourbon	1296	135

## BUNCH OF CHARGES AGAINST 3 MEN

Caught With Moonshine and a Gun, Dallas Kirby Gives Sheriff Quite a Battle

Dallas Kirby, Mount Persifal and Gordon Gentry, young known young men of the city, were held over to the grand jury on a number of charges by Judge W. K. Price in county court Tuesday morning. When arraigned before Judge Price each pleaded guilty to being drunk and was fined \$10 and costs. Each then was held to the grand jury under \$100-bond on a charge of possessing liquor, and Kirby was also held over on a charge of resisting an arresting officer, shooting on the public highway, two charges of carrying concealed a deadly weapon.

The boys were first noticed by Mr. Alex Gibbs near his place on the Big Hill pike, driving in a buggy. Mr. Gibbs said that Kirby was shooting his pistol as they went along. Gibbs came to town in his car and got Sheriff Whitlock, and his son and Deputy Sheriff Sant Bush and Mr. Gibbs, who found the young men sitting in a buggy a short distance out of town.

A big .38 Smith & Wesson pided to leap from the buggy, but Bush took Pursifal and Gentry with him in his car and Sheriff Whitlock started to drive in with Kirby in the buggy. The sheriff says that a short distance from town Kirby declared that he was not going any further. He started to leap from the buggy, but sheriff grabbed at overcoat and caught it. Kirby shed it mightily quick and started for fence with the officer right behind him and catching at his coat, out of which the elusive young man also came with alacrity. The officer grabbed him again before Kirby got over the fence, and then Kirby went to the mat with the officer, and they had quite a struggle for a while. The sheriff was badly cut on the face, and the two fell on his arm, hurting it badly. Kirby fell near a rock pile, and Sheriff Whitlock says that, thinking Kirby was preparing to throw a rock at him, he drew his gun, and made the young man get back into the buggy and come on to town.

The men had two jugs and two glass jars, not quite full of moonshine, and after their cases have all been settled by the local courts they will undoubtedly have a session with Uncle Sam because of this.

## THINK MAN WANTED TO BOMB MAYFLOWER

(By Associated Press) Washington, Feb. 15.—An enlisted man of the navy is under arrest at the navy yards in connection with an alleged plot to blow up the Presidential yacht Mayflower. Secret service operatives are proceeding on the theory the plot may have extended to shops and other vessels at the navy yards. The man under arrest, whose identity is not divulged, was said to have approached an officer and offered a bribe to allow a package supposed to have contained a bomb to be brought aboard the Mayflower at a certain hour. Secret service agents were notified and the man was arrested.
